

“New Math”

Pre-Dating, Pre-Engagement, and Pre-Family Planning for Elementary School Students 1 + 1 = 3; Mom, Dad, & Me !

Mom & Dad Discussion: Just ask your mom and dad what they thought about before welcoming you into this world.

Classroom Discussion: We will proceed with dignity, respect, and statements like: I just don't know right now, I'll talk about it tonight with my mom & dad. or my adopted mom & dad, or my Gram-pa & Grammy, etc. I will give you an answer tomorrow.

Student: I will think about it; Mom, Dad, and Me!

Mr. Nick Discussion; Mom, Dad, & Me. My mom divorced my dad when I was in the 3rd grade. Dad had brought home two flint-lock rifles instead of groceries. Mom opened the cupboard doors, while she said: "Do you see any food in the cupboards?" With thanks to God above and God within: $1 + 1 = 3$. Your mom and dad had a child; **you**, by getting as close together as they can in real life. Remember to pray for your Mom & Dad too.

You are here in school to learn how to learn.

You are here to learn how to make a living for yourself and your family. You are here in school to learn all we know in the whole world, in time. Learning is a lifelong experience.

Remember, in the academic & mathematical world,

1 & 1 = 2 WebstersHomeSchooling.com
